Where you have consented to Bidapp LTD's Processing of your Personal Information or sensitive Personal Information, you may withdraw that consent at any time and opt-out to further Processing by following the instructions in this Section. ### **Email and Telephone Communications**

If you receive an unwanted email from us, you can use the unsubscribe link found at the bottom of the email to opt-out of receiving future emails. We will process your request within a reasonable time after receipt. Note that you will continue to receive transaction-related emails regarding products or services you have requested. We may also send you certain communications regarding Bidapp LTD and our Services and you will not be able to opt out of those communications (e.g., communications regarding updates to our Terms or this Policy).

We maintain telephone "do-not-call" and "do-not-mail" lists as mandated by law. We process requests to be placed on do-not-mail, do-not-phone and do-not-contact lists within 60 days after receipt, or such shorter time as may be required by law.

### **Human Resources Data**

With regard to Personal Information that Bidapp LTD receives in connection with the employment relationship, Bidapp LTD will use such Personal Information only for employment-related purposes as more fully described above. If Bidapp LTD intends to use this Personal Information for any other purpose, Bidapp LTD will notify the Individual and provide an opportunity to opt-out of such uses.

### **Do Not Track**

Do Not Track ("DNT") is a privacy preference that users can set in certain web browsers. DNT is a way for users to inform websites and services that they do not want certain information about their webpage visits collected over time and across websites or online services. Please note that we do not respond to or honor DNT signals or similar mechanisms transmitted by web browsers.

### **Cookies and Interest-Based Advertising**

You may stop or restrict the placement of cookies on your Devices or remove them from your browser by adjusting your web browser preferences. Please note that cookie-based opt-outs are not effective on mobile applications. However, on many mobile Devices, application users may opt out of certain mobile ads via their Device settings or by downloading the AppChoices mobile application offered by the Digital Advertising Alliance.

The online advertising industry also provides websites from which you may opt-out of receiving targeted ads from our data partners and our other advertising partners that participate in self-regulatory programs. You can access these, and also learn more about targeted advertising and consumer choice and privacy, at [networkadvertising.org/managing/opt\\_out.asp](http://networkadvertising.org/managing/opt_out.asp), or [www.youronlinechoices.eu](http://www.youronlinechoices.eu) and [www.aboutads.info/choices/](http://www.aboutads.info/choices/). You can also choose not to be included in Google Analytics by following this link: [tools.google.com/dlpage/gaoptout](http://tools.google.com/dlpage/gaoptout)

To be clear, these cookie-based opt-outs must be performed on each Device and browser that you wish to have opted-out. For example, if you have opted-out on your computer browser, that opt-out will not be effective on your mobile Device. You must separately opt-out on each Device. Advertisements on Third-Party websites that contain the AdChoices link and that link to this Privacy Policy may have been directed to you based on anonymous, non-Personal Information

collected by advertising partners over time and across websites. These advertisements provide a mechanism to opt-out of the advertising partners' use of this information for interest-based advertising purposes.

While we take meaningful steps to secure your information, we do not promise, and you should not expect, that your Personal Information will always remain secure. We do not accept liability for unintentional disclosure.

By using the Website or providing Personal Information to us, you agree that we may communicate with you electronically regarding security, privacy, and administrative issues relating to your use of the Website. If we learn of a security system's breach, we may attempt to notify you electronically by posting a notice on the Website or sending an e-mail to you.
